

Selma Disposal & Recycling Update

COLLECTION SERVICES

Effective July 15, 2016, Selma Disposal & Recycling, LLC was acquired by USA Waste of California, Inc., a subsidiary Waste Management. Solid waste, recycling, and green waste service for City of Selma residential, commercial, and roll-off customers will be provided by Waste Management. Billing by Waste Management will commence August 1, 2016.

Residential and commercial customers in Fresno County will continue to receive service from Selma Disposal through August 30, 2016, when the transition to Waste Management is anticipated to take place. For more information, please contact Waste Management.
