Plastics Recycling 101

How blue are you?

Test your skills with a Blue Bin and answer these True or False questions. **REMEMBER**, not all plastics are created equal.

1. **True or False:** Loose disposable plastic bags belong in the recycling bin
True False

2. **True or False:** Food soiled plastic to-go food containers are plastic so they belong in the recycling bin.

3. **True or False:** Dry cleaning bags are plastic so they belong in the recycling bin.
True False

4. **True or False:** Plastic utensils and straws are plastic so they belong in the recycling bin.
True False

If you answered False to all of these questions, give yourself an A+. All of the items above belong in your gray can and should be sent to the landfill. Unfortunately, at the landfill, they will exist **forever**. Consider replacing these plastics in your everyday life with reusable bags, containers, and silverware. And tell your dry cleaner **not** to bag it!
